From the Director of Agriculture No.D.1.781/48, dated 16th November 1948.

O R D E R:

In G.O.Ms.No.5277, Development, dated 25th October 1948 the Government published for criticism a draft notification for fixing a minimum price of Rs.60/- (inclusive of transport and cess charges) for the purchase efin any area in the Province of Madras for sugarcane intended for use in a factory as defined in the said Act. They have carefully considered the various objections and suggestions put forward by the South Indian Sugar Mills Association and representatives of can growers. The Government of United Provinces have fixed the minimum price of sugarcane at Rs.1/10/- per maund. The price of sugar has also been reduce by the Government of India to Rs.28/8/- per maund. In these circumstances, the Government consider that a proper price for sugarcane in this Province will be Rs.46/- per ton plus the actual freight advantage, in respect of factories with a crushing capacity of more than 100 tons and Rs.42/- per ton in respect of factories with a crushing capacity of less than 100 tons.

2. The notification appended to this order will be published in the Fort St. George Gazette:--

APPENDIX.
Notification.

In exercise of the powers conferred by section 3(2) of the Sugar Cane Act, 1934 (Central Act XV of 1934) and in supersession of all notifications issued so far on the subje His Excellency the Governor of Madras hereby fixes, with effect on and from the 1st December 1948 upto the and inclusive of 15th April 1949, Rs.46/- per ton as the minimum price for the purchase in any area in the Province of Madras of sugar cane intended for use in f a factory with a crushing capacity of 100 tons and more plus the actual freight advantage and Rs.42/- per ton as the minimum price for the purchase in any such area of sugar cane intended for use in a factory with a crushing capacity of less than 100 tons.

EXPLANATION:- The price of sugar-cane is for delivery at the factory and should be paid by the factory and should be paid by the factory on demand after delivery.
